GREETING

**BACK TO
SCHOOL LOANS** 
Available at the Credit Union!

Once summer starts winding down, all thoughts turn to heading back to school. In 2021, "Back To School" might look a little bit different than in years past. Some students are learning in-person while others have opted for virtual learning. Whether your kiddos will be in the classroom or at home this school year, one thing remains the same - your family will need to be prepared with the appropriate supplies and necessary funds. Back To School season is stressful, with today's lists demanding nearly \$800 worth of supplies for K-12 children! That number could be even higher for virtual learners in need of electronics and additional at-home supplies.

If you want to provide the best start for your students but are worried about affording the school year essentials, Lakeside Credit Union can help. We offer low-rate Back To School loans to help pay for your must-haves and those unforeseen extras, including:

- * School supplies (pencils/pens, white boards, etc.)
- * Laptops, PCs, or Tablets
- * Printers, paper, and ink
- * Desks and chairs
- * Backpacks and lunch bags
- * Clothing and uniforms
- * College textbooks
- * Dorm room gear
- * Other supplies for an A+ year!

With a plan for Back To School spending in the bag, you can relax and soak up the rest of summer, worry-free! Apply now at Lakeside Credit Union.

Join Us At The 2021 Annual Meeting

Did you know that as a member of the credit union, you are also a part-owner? That means unlike at a for-profit financial institution where only the shareholders have a say, you elect the credit union's board of directors and are invited to attend the annual meeting. The annual meeting is your chance to review the accomplishments of the past year and find out what's planned for the future. You can ask questions or share a comment. It's also a chance to catch up with other members. It's one of the benefits of belonging to the credit union, a financial cooperative. We look forward to seeing you!

**VACATION
LOAN**

Desperately seeking a vacation trip after so much time sheltering-in-place? A Vacation Loan from the credit union could be just the ticket. A Vacation Loan can actually save you money because instead of racking up bills on a high-interest rate credit card, you can establish a budget and apply for a loan for that amount. Consider costs for transportation, lodging, meals, and attractions. Will you need to kennel your dog or hire someone to take care of your garden while you are away? Factor any of those expenses into your spending plan. The key is to be realistic in your estimated costs, including an amount for a potential unexpected expense. Then you can make your plans accordingly. Take advantage of our low interest rates to get the rest and relaxation that you've been yearning for and the time off that you deserve. Contact the credit union for your Vacation Loan Application.

Skip A Payment

and give your tight budget some relief

If unexpected expenses or a disruption in employment during the pandemic have created a shortfall in your budget, your credit union is here to help. With Skip-A-Payment, if your account is in good standing, you can defer the payment on eligible loans, such as a vehicle loan. When you skip a payment, you are adding that payment to the end of the loan, which may result in your extending the loan term. Also note that interest will still accrue. But with skip-a-payment you can give a tight budget some breathing room and relieve some of the stress that comes with being short on cash and worrying about your bills. If you've found yourself in a bind, contact the credit union to see if Skip-A-Payment could be a solution to your short-term money problems.

Skip-A-Pay for July or August
\$30 per loan
Excludes HELOC and Real Estate
