

OUTGOING WIRE AUTHORIZATION

Please complete form in its entirety to successfully request a wire transfer. Read ALL instructions. For best results, contact the receiving institution and verify their routing number. In addition, ask if there are "Further Credit Instruction" needed.

All information provided in Section one (1) must agree with the account information on file at LCU. If it does not agree or you have made account address/phone changes in the last 30 days LCU is not allowed by law to wire funds. You cannot use a PO Box number for an address; you must use a physical, verifiable address.

Once you are finished and agree all information is correct, (INCORRECT information may delay the wire process) PRINT, SIGN, and DATE the form. You may mail or drop the completed form at the office for completion. A fee of \$25.00 for domestic wires or \$50.00 for international wires will be charged to your account.
